

POLICY FOR QUALITY, ENVIRONMENT AND SAFETY

Founded in 1969, OMR Italia S.p.A. is today one of the major European manufacturers of professional printed circuit boards for medium and large batches. Located in Concorezzo (Milan) on a total area of 22,000 square meters, it produces up to 500 m² per day. Exporting throughout Europe, it operates in a leading position at European level in the production of professional printed circuit boards.

Thanks to our experience and our certifications IATF 16949:2016, UNI EN ISO 14001:2004 and UNI EN ISO 9001:2015 we serve various sectors, such as Automotive, Green Energy, Assemblers, Home Automation and Industrial Electronics.

OMR therefore stands as an extremely reliable and flexible global supply partner, allowing its customers to reduce the total cost of ownership and speed up the time to market.

The Mission of OMR Italia S.p.A. is to develop its position as a leading company in Europe for the production of professional printed circuit boards, increasing the quality and reliability of products and services by investing in human resources, technologies and industrial processes, in order to continuous improvement.

The strategy consists in promoting OMR Italia S.p.A. on the European market to look for new opportunities for long-term collaboration and to be a client's partner working with a primary objective: your satisfaction.

OMR Italia S.p.A. can count on:

- 50 years of history and industrial tradition.
- High technical knowledge of product / process and product / service quality.
- Broad production capacity;
- High operational flexibility;
- Proximity to its customers throughout the European area and ability to dialogue in different languages.
- Solution for the security of supplier risk management supplies.
- Personnel with long professional experience in the sector and low turnover.
- Ability to integrate and collaborate with the customer at different operational levels.

From year 2019 OMR has strategically defined to start an outsourcing of finished PCBs produced in far east. This new activity is completely managed with the final customers.

OMR Italia S.p.A. is committed to:

- Seeking the complete satisfaction of the needs and expectations of the relevant Interested Parties
- Constantly monitor the internal and external context in which it operates
- Carefully evaluate the risks and opportunities of its processes
- Maintaining a high standard of product quality
- To improve the Integrated Management System
- Carrying out internal audits to ensure that the requirements of the Integrated Management System are implemented and maintained in compliance
- To take an active role in protecting the environment in the performance of its activities, using all appropriate measures to prevent pollution and promoting environmental improvement objectives with a view to sustainable development
- Fulfil its compliance obligations, while ensuring the application of all measures to control its environmental impacts
- Use the best available technology in the realisation of its corporate objectives
- To develop and implement training and awareness programmes for its personnel on the Integrated Management System, in order to make each employee aware of the effects and consequences of their activities
- To operate in compliance with the laws, rules and regulations, including all requirements signed by the Company with Interested Parties (e.g. Integrated Environmental Authorisation, REACH and RoHS, CMRT etc)
- To disseminate this document
- Introduce and maintain up-to-date management and surveillance procedures for the constant control of personnel health and safety and for action to be taken in the event of non-compliant situations, anomalies or emergencies
- Periodically review the risk assessment irrespective of changes.
- Developing programmes, objectives and targets and for their fulfilment, providing trained and efficient human resources, as well as adequate material resource
